# Dopper Insulated - Just the better choice!

Topics	Others	Dopper
Mission	Others claim they are mission based and support change	Dopper is the fully B Corp Certified, Cradle to Cradle, and Sustainable Hydration brand. We not only talk the talk but we walk the walk. We donate 5% of our top line sales to our own Dopper Foundation and work to reduce single use plastic and supply educational programs to teach others of the problems in our oceans all over the world
Easiest to add ice	Most SS Bottles have small opening on top making it difficult to add standard ice cubes which makes it a hassle to keep your drink cold for longer	Dopper WIDE opening makes it easy to add ice. Saving you time and all that agony trying to fit ice into those other companies small bottle opening
Easy to add additives	These bottles with small opening make it almost impossible you to add additives to give any flavor to your water	Dopper Wide opening allows you to put in as much as you want into your Dopper to add flavoring and make your favorite Mocktail!
Easiest to Clean	Small Openings make it NOT easy to clean which could lead to smells and potential mold... OH NO!!!	Dopper WIDE opening allows for quick and easy cleaning – Allowing you the best and cleanest way to enjoy fresh drink water.
Dishwasher Safe	Most Other Are Not	DOPPER IS!
Bottle Construction	Most offer you only ONE piece which means your only option is to drink from the small opening	Dopper offers you two options.. Enjoy fresh water from the opening on top or sit down with a fresh cup of Water, Coffee, Tea, anything... with the included Dopper Insulated Cup
Heavy Design	Many other SS bottle are heavy to carry	Dopper is one of the lightest weight SS models on the marketplace today. Water can be heavy. Your bottle shouldn't be :)
Hot and Cold	Many other claim 12 hours hot and 24 hour cold.	Dopper bottles have been independently tested and TRULY keep you water cold for 24 hours and hot for 9.... Not warm like other... REALLY HOT!
Carrying Option	Most are designed to fit into you bag or to be carried from by the top handle	Dopper's work the same way as well, but with the additional Carabiner accessory we offer you now the ability to connect it to you backpack, pocketbook, or to any other strap easily.
Design Piece	Most bottles are based only upon function and capacity	Dopper Bottle offers you this plus a Red Dot design award and a cap so you can stand you bottle on it's' head. Be proud of your DOPPER!
